Optima EPS

Cabinets & Enclosures
An ELMA Company

Optima EPS has a long history of designing cost-effective, standard and custom packaging for the telecommunications Industry which begins with Optima's flexible modular extrusion based design platforms that allow a wide range of cabinet enclosure height, depths, and widths.

- Attractive, professional bezel designs.
- Modular design reduces installation, upgrade and service time.
- Custom design options, standard platform and cost.
- Wide range of industry standard sizes and options.
- Selection of contemporary color choices. (custom color matching also available)
- Superior strength-to-weight ratio.
- Proven paint adhesion provides durable aesthetics.
- Designed to meet EIA RS310-D.
- Three levels of protection: No-gasket, NEMA (12/UL508) , EMC (FCC Class A).
- Customized Engineering review based on customer specific load requirements.
- Free assembly. Optima expertly assembles your cabinet at no charge.
- Tested performance to: UL, CSA, FCC, MIL-STD, and CISPR.

The Leaders in Communication & Broadcast Systems Choose the **Leader** in Electronic Packaging Systems

CAD and 3D Engineering Support • Full Line of Cable Management & Accessories • Flexible and Economical Production • EMC, Harsh Environment, NEMA, and Mobile Designs

Some of the companies who have selected Optima EPS for their systems packaging:

AT&T • Bank of America • Brighthouse Networks • Comcast • DRS-C3 • General Dynamics • Harris Corp. • IBM • Kodak • Interville (Convergys)
L-3 Communications • Lockheed • Motorola • Raytheon • Scientific Atlanta (Cisco) • Time Warner • U.S. Navy

Cell Phone Network Centers • Cable TV Signal Centers • Computer Mass Storage Centers • Mobile and Outdoor Communications • Satellite Communication/Tracking Systems
